1. Claims 71 and 74-78 are allowed. Claim 71 is independent.

2. The following is an examiner's statement of reasons for allowance:

Claim 71 has been amended to include limitations of claim 73 (now canceled), which was indicated to be allowable subject matter. Before the amendment filed September 13, 2006, claim 73 depended on claim 72, which depended on claim 71. Claims 72 and 73 are now canceled.

Claim 71 is allowable because, as indicated in the statement of reasons for allowance given in the previous Office Action dated August 9, 2006, in the Examiner's opinion, it would not have been obvious to have the method, as previously claimed in claim 72, include the feature of having the Internet facsimile function stored in a fourth octet of the NSS or NSF signal and transmitted, and the Internet address being stored in fifth to twenty-fifth octets of NSS or NFS signal and transmitted.

Claims 74-78 depend on claim 71.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
